**your kindbody benefits
through snowflake**

kindbody

Snowflake benefit

Employees and spouses/partners enrolled on a Cigna plan are eligible for the following services:

fertility*	fertility medication	adoption, donor, surrogacy
<p>treatment/cycles: up to 2 KindCycles for fertility services; includes coverage for egg/sperm freezing, IVF, IUI and coverage for one (1) year of storage with each applicable fertility cycle. Preimplantation genetic testing for aneuploidy (PGT-A) is included where applicable.</p>	<p>fertility medication: fertility medications through Kindbody Rx (dispensing pharmacy is Schraft's)</p>	<p>\$10,000 reimbursement per donor, adoption and surrogacy capped at 2 instances per lifetime maximum (\$20,000). All reimbursement is administered through Snowflake directly.</p>

Access to Kindbody Care Navigation Team and Kindbody Portal included

**For members enrolled on Cigna plans, medical services and medications are subject to deductible, coinsurance and other out of pocket expenses in the Cigna Health plan*

kindcycles

overview

Treatments can be mixed & matched to reach two (2) total KindCycles.

Preimplantation genetic testing for aneuploidy (PGT-A) is included where applicable.

Kindbody will track each members utilization and will share with members their balance of benefits upon request.

how

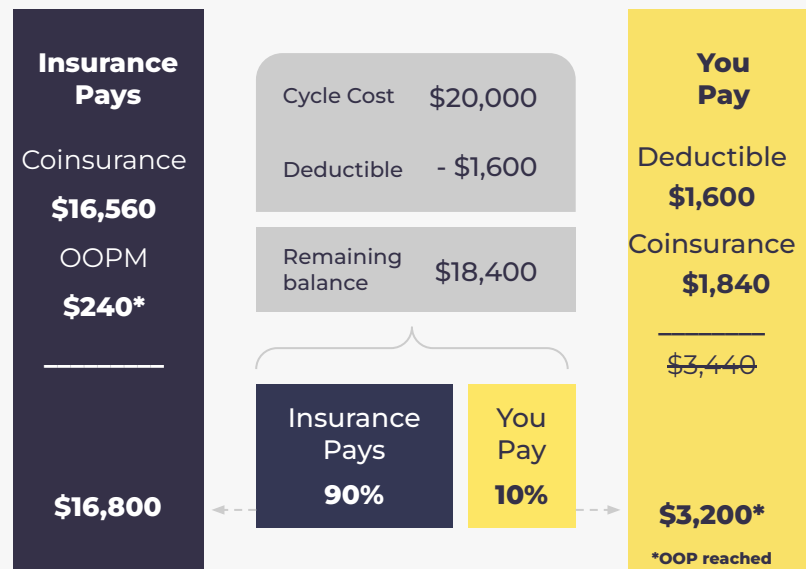

are fertility services billed?

Cigna is integrated with Kindbody.

Fertility services and medications are subject to your deductible, coinsurance and other out of pocket expenses in the your medical plan.

Once you've reached your OOP, covered treatments & medications will be covered in full with no additional cost to you.

Example: In this scenario, you are enrolled in the Cigna HDHP plan. You have a **deductible** of \$1,600, **co-insurance** of 90/10, and **out-of-pocket max** of \$3,200

how to get started with your kindbody benefits

kindbody
