

Across all programs:

Dedicated care advocacy & benefits navigation

24/7, on-demand virtual appointments with specialists

Guided education & communities

PROGRAM DETAILS

FAMILY BUILDING & FERTILITY

Holistic care management for all paths to parenthood

- **Global network** of high-quality clinics & personalized referral lists to 650+ US-based clinics and 2,200+ globally
- **Integrated mental health care**; On-demand access to mental health specialists, member communities, and dedicated loss/miscarriage support
- **Inclusive of all paths**: Personalized tracks for preconception, adoption, and/or surrogacy

MATERNITY

Comprehensive care for new and expecting parents

- **High-quality referrals** to OB-GYNs & birthing hospitals within 48 hours of request
- **Clinical care management**; Early intervention and specialized support for all members, including those who show warning signs of high-risk pregnancies or postpartum depression
- **Birth planning**; 1:1 sessions with midwives and doulas to build a birth plan that aligns with the member's goals
- **Postpartum care**; high-touch support through baby's first birthday, including sleep coaching, lactation support, and career coaching
- **Weekly curriculum**; 61-week curriculum of clinically-approved articles & checklists to educate members through pregnancy & return to work

PARENTING & PEDIATRICS

Personalized support for caregivers and children

- **Care through early childhood**; Support for parents and children through the child's 10th birthday
- **Developmental milestones**; provider specialties, clinically-approved content, and in-person referrals to support all phases of a child's growth
- **Special needs**: On-demand virtual visits with specialists who are unavailable or costly in-person, including OT's, speech language pathologists, and special education advocates
- **Childcare partnerships**; Preferred access to Maven's ecosystem of childcare and tutoring partners

MAVEN WALLET

Easy & reliable expense management

- **Simple expense management** with ability submit expenses, check balance and see real-time claim status, all through the Maven app
- **Expert-led benefits design & transparent reporting**, customized to employer needs
- **Modeled on Family Planning Reimbursement Program**, which provides reimbursement support outside of existing health plan coverage

MAVEN MILK

Reliable & safe way for nursing moms to send milk home to baby

- **Pump & Carry**: Travel kits to carry on domestic flights and short trips including reusable ice packs & tote
- **Pump & Post Kit**: Designed for overnight shipping in the US (most frequently used by members on the Surrogacy program)
- **Pump and Check Kit**: Designed for international travel. Members check the kit which holds up to 270 oz of milk when traveling and can pick it up at their destination

MENOPAUSE

Holistic support for members experiencing hormonal changes

- **Clinical care management** to identify menopausal symptoms early and manage care throughout a member's menopausal journey
- **Specialized virtual care teams** of providers focused on all stages of the menopause journey, available 24/7, to support individuals across all related issues including general menopause education, mood fluctuations, hot flashes, sleep issues, balancing work through menopause, and preventing chronic conditions
- **Specialized referral lists** to additional employer-sponsored resources and high-quality in-person providers
